Smith, James K	14	Wood, William Reed *	26
Soper, James H	3	Yerkes, John E	28
Spear, George J	35	Yost, George H	6

**Notes:**

1. The BLM patent database doesn't list the north one-half of the northeast quarter of section 4 while later maps clearly show the entire quarter owned by one person. For the purposes of this map I credited the entire northeast quarter to Alexander Meyer's original 1892 patent.

2. The northeast quarter of section 17 seems to have been sold to a partnership. The BLM database doesn't provide images of the two 1891 "Scrip" patents to aid in sorting out the details. The east one-half of the quarter was sold to "Eugene A. Bellingar, Francis S. Early and Thomas P. Early." The west one-half was sold to "Eugene A. Bellingar and Martha Gamble."

3. The BLM patent database credits the southeast quarter of section 26 to both George Barhyte and William R. Wood. The database doesn't list any patent issued for the southwest quarter of the section. For the purposes of this map, I tossed a coin and credited the southeast quarter to Barhyte and the southwest to Wood.

4. According to the images of the two 1917 patents, Lucius J. Capps used two eighty acre "Certificates of Location" issued by a Surveyor-General in New Orleans to claim the southeast quarter of section 29. What was a "Certificate of Location?" I certainly don't know.
